Notes

- 1) Page count includes first page and introduction page.
- 2) The value labels of variable A65, which represents question 74, 2nd record, both in Hebrew and English questionnaires ("Locality of interview") can be found in the second part of the codebook.
- 3) In the 1st record of the English questionnaire, the qualities of parties presented by questions 51-59 (p. 15) are asked about "the ideal party" whereas the qualities in questions 60-70 are asked about "the Alignment", and the qualities in questions 71-80 are about "the Likud". This separation is not clear in the questionnaire so we recommend using the second part of the codebook, which specifies for each group of questions which party is it referring to, and what quality is asked about it.
